

The Monash simple climate model laboratory

*Climate Science Winter School
Modelling the Climate System
ARC Centre of Excellence for Climate System Science
2nd Annual Winter School*

17 June 2013

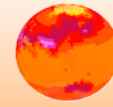

Under the following link you find the Monash simple climate model:

<http://maths-simpleclimatemodel-dev.maths.monash.edu/overview.html>

Monash simple climate model *Puzzles*

Start with the Mean Climate Processes. To solve this you need to be familiar with the 'Deconstruct the Mean Climate' interface

Beginner levels

Mean Climate Processes

Climate Change Processes

Next, have a look at the Climate Change Processes. Therefore, you should check the 'Deconstruct the Response to 2xCO2' interface

Expert levels

Mean Climate Processes

If you have time challenge yourself with the expert level puzzle, which builds on the first Mean Climate Processes puzzle
